# LAS VEGAS DAILY OPTIC.

SAY YOU SAW IT  
THE OPTIC.

VOL. XVII.

EAST LAS VEGAS, NEW MEXICO, THURSDAY EVENING, FEBRUARY 18, 1897.

NO. 91

## TREATY'S REPULSED

It Was Called Up in the Senate,  
But the Regular Calendar  
Proceeded With.

## THE DEFICIENCIES BILL

The Physician Who Attended Gen.  
Macco Is Reported to Have  
Been Assassinated.

## FOREIGN FLAGS AT CANEA

WASHINGTON, D. C., February 18.—Almost the first business in the senate to-day, was the passage of the bill to extend the term of the mail service. The routine morning business being declared closed, the senate went into executive session to consider the arbitration treaty.

In executive session, to-day, Senator Sherman called up the general treaty of arbitration, which met with a repulse. The motion was made and carried that the business on the calendar be proceeded with.

The nomination of Wm. H. Munger, of Nebraska, to be district judge, was confirmed. The nomination of Charles F. Amidon, to be district judge of North Dakota, was then called up.

Indications are that the total sundry civil bill, when reported to the senate, will be increased by a large number of amendments, providing for the carrying on of certain public works, omitted by the house. The senate committee, this morning, ordered favorable reports for the following purposes: Increasing the contract, authorized for the improvement of the harbor at Oakland, Calif., to \$1,043,310; appropriating, now, \$250,677 for the dredging of the channel at Mare Island strait; to enable men-of-war to reach the naval establishment on that island, \$318,950; for the construction of a tidal indicator in the harbor at San Francisco, \$2,500.

In the house, to-day, the general deficiency bill was reported. The chairman will, to-morrow, ask the house to take it up.

The joint resolution, appropriating \$5,000 for the extra expenses of the senate, in connection with the inaugural ceremony, passed.

Royce, of Indiana, addressed the house on the contested election case of Hopkins vs. Kendall, of the tenth Kentucky district.

The general deficiency bill was presented in the house, to-day. It carries the following: Completing revenue steamer for the Pacific coast, \$12,000; for the armament and equipment, \$22,764; to enable the attorney general to represent and protect the interests of the United States in matters affecting the Pacific railroads, \$30,000; to pay the balance of the judgment of the Southern Pacific, \$1,310,427.

## THE GENTLER SEX.

They Acquit Themselves Nobly at the Meeting  
of Editors and Publishers.

GALVESTON, Tex., February 18.—The women editors and publishers had their innings at this morning's session of the convention of the national editorial association, and succeeded in demonstrating that they knew pretty well all there is to know about the running of a newspaper. Their session was initiated with an interesting paper by Mrs. Pauline Swain, of Oklahoma, Iowa, upon "Newspaper work from a woman's view," with special reference to domestic, society and church departments. Among those who took part in the subsequent discussion were, Mrs. T. S. Applegate, proprietor and editor of the Adrian, Mich., Times, one of the leading and most successful republican dailies in Michigan; Mrs. Youmans, of Waukegan, Wis.; Mrs. Miner, Dallas, Tex.; Miss Susce Clay, of Alabama; and Mrs. J. W. Steyer, of Middletown, Pa. All of these related their experiences, and Mrs. Minnie Bxler, of Oklahoma, gave a paper on the newspaper life in that Territory.

The regular programme having been retained, an instructive and carefully prepared paper on the mechanical department of a newspaper, and the requirements of an up-to-date editor, was read by Editor Allen B. Lamson, of the Republican, Santa Rosa, Cal.; facts and figures bearing on the subject were added by Benjamin Anthony, of New Bedford, Mass.; C. S. Salinger, of Chicago; and H. B. Halo, of Connecticut. This afternoon, the delegates enjoyed a sail on Galveston bay and down the ship channel between the United States government jetties to the gulf of Mexico. Beginning at sundown, a moonlight surf-bathing party is the special order of the night.

The Mothers in Session.  
WASHINGTON, D. C., February 18.—The proceedings of the national congress of mothers were continued to-day. A number of papers on day nurseries, the advantage of kindergarten, the guarding of the young against bad literature, the ideal home and the sound physical development of youth, being read. An interesting discussion grew out of a paper by Mrs. Robert Cotton, of North Carolina, on the need of a national training school for mothers. The national federation of mothers will be formally brought into existence at the session to-night or to-morrow morning.

It Was Expected.  
MADRID, Spain, February 18.—A dispatch received here from Havana says it is reported there that Dr. Zertucha, who was General Antonio Maceo's physician, accompanying him at the time the insurgent leader met his death, has been assassinated.

Highest of all in Leavening Strength.—Latest U. S. Gov't Report.

## Royal Baking Powder

ABSOLUTELY PURE

Council Bill No. 14, Passed.  
Special Telegram to The Optic.

SANTA FE, N. M., February 18th.—The bitterly contested council bill No. 14, providing for the election of justices of the peace, constables and school directors, passed that body, to-day.

A house committee has been designated to visit the several Territorial institutions.

## ALL QUIET.

Foreign Flags Flying at Canea and Greek Emblem Lowered.

## CANEA, Crete, February 18.

Everything was quiet here, this morning. The foreign marines, who are in occupation of the town, are still flying their respective flags, the Greek flag having been lowered from the Greek consulate, in compliance with a notice sent to the consul by the European commanders, yesterday. The Turkish troops occupied fortified positions around town, with the co-operation of European officers.

The mutilated corpse of Sister Russian, vice-consul, has been found lying on the ground at Halaipa. The discovery created an intense feeling of indignation among the foreigners.

ATHENS, Greece, February 18.—George Berovitch Pasha, late the Christian governor of Crete, describing the situation from his point of view, says that from the moment of the raising of the Greek flag in Crete, it became plain that the only solution of the difficulties prevailing in the island was its union with Greece. In his opinion, any other course will result in bloody catastrophe.

In reply to the demand of diplomats representing the great powers here, that the Greek flotilla be withdrawn from Cretan waters; at once, the minister of foreign affairs has sent a note, saying that the withdrawal of the flotilla will be impossible until Crete has been completely pacified.

The Greek government has not received its orders to the Greek forces for them to oppose the landing of Turkish troops upon the island.

## A BUSY GOVERNOR.

He Couldn't Spare the Time to Attend a Lincoln Day Banquet.

CHICAGO, Illinois, February 18.—Save the fight of the machine on McKinley, nothing of recent years has caused such intense indignation and bad feeling among the republican rank and file as the failure of Governor Tanner to attend the Lincoln day banquet of the Marquette club. While Governors Lippitt, Atkinson, Pingree, Drake and Mount found time and put aside personal inconveniences to journey here from the respective state capitals of Rhode Island, West Virginia, Michigan, Iowa and Indiana, the governor of Illinois found it impossible to spare the time, according to his own statement, to make a six-hour trip from Springfield to Chicago, and his excuse is aggravated by the discovery of the fact that the "important engagement" that kept him away was a conference with some members of the state political machine relative to the distribution of state patronage, which might have been disposed of the next day or the next week.

Pennsylvania V. M. C. A.  
READING, Pa., February 18.—The twenty-ninth annual convention of the Pennsylvania Young Men's Christian Association opened here this afternoon with several hundred delegates in attendance. The visitors from other states include Rev. Dr. Schofield, of Massachusetts; Gilbert A. Beaver and George B. Hodge, of New York; Ex-Governor Gen. James A. Beaver who will make an address at one of the sessions. The reports of the officers show that the work of the organization has made great progress during the year.

The Wolf Kept at Bay.  
LONDON, England, February 18.—The list of members of parliament who "keep the wolf from the door" by acting as newspaper correspondents has been increased by the addition of T. P. O'Connor, the noted nationalist orator, who recently dropped of his London Sun to a syndicate; "Tay Pay," as he is known, being engaged as descriptive correspondent in the house of commons for the Daily Telegraph, at a remuneration of \$8,000 for the session. His task occupies about one hour daily, stenographers and typewriters being furnished free.

## A PERSONAL ATTACK

A Socialist Member of the House  
of Commons Attacks a Millionaire Vigorously.

## A CHICAGO MAN SUICIDES

The Striking Street Car Employee  
Won Their Fight  
at Galveston, Tex.

## FATAL BOILER ACCIDENT

LONDON, England, February 18.—Quite a scene was created in the house of commons, to-day, by John Burns, a socialist. The occasion was a debate on the proposal for the erection of a new hall for the London county council.

Burns made an attack upon the *Full Mail Gazette*, which paper is owned by William Waldorf Astor, because of its opposition to the proposal. He said the opposition was purely in the interest of Mr. Astor himself, whose house adjoined the council building. Burns said he could stand a decent duke, or a militant marquis, but he could not endure the miserableness and ungentlemanly conduct of a new millionaire.

## Some Pertinent Inquiries.

NEW YORK, N. Y., February 18.—The Lexow committee met again, this morning. Charles R. Flint took the stand. He was asked if he had secured the figures required; Flint said he was unable to secure all the details. He was then asked if any one in the employ of the United States rubber company had destroyed the facilities for the manufacture of rubber on Long Island? "I know nothing about any such thing," replied Mr. Flint. "Did the United States rubber company destroy any property in Brookhaven?" "No, to my knowledge."

## Oratorical Contest.

CLEVELAND, Ohio, February 18.—Ohio's great annual intercollegiate oratorical contest takes place in Music hall, to-night, and the Hollenden and other leading hotels are crowded with undergraduates, alumni and friends of the various institutions that will be represented in the contest. These comprise the Ohio state university, Wesleyan university, Wooster, Marietta, Buchtel, Denison, Wittenburg, Ohio university, Mt. Union and Hiram. After the contest, the annual intercollegiate banquet will take place.

## Honors to The Dead.

CHICAGO, Ill., February 18.—Honors to the memory of the late Frederick Douglass will be paid at a banquet at the Leland hotel, to-night. It is the eightieth anniversary of the birth of the distinguished representative of his race, and the Frederick Douglass memorial association has been brought into existence to the end that the day may be annually observed. The celebration to-night will be the initial one, and a number of prominent speakers of both colors will figure on the programme.

## A Denial Authorized.

WASHINGTON, D. C., February 18.—Acting Secretary of the Navy McAdoo and Admiral Ramsay authorize the unqualified denial of the public assertion that Admiral Benson sent a report, criticizing the vessels of his squadron, or recommending of expenditures approximating \$1,000,000.

## Kyle Chosen Senator.

PIERRE, South Dakota, February 18.—James H. Kyle was to-day elected United States senator by the solid republican vote and a few populists who stayed by him. Most of the populists deserted, but enough remained to give him the required number to elect.

## Declining Prices.

WALL STREET, N. Y., February 17.—Stocks opened weak and lower, to-day, the prices declining 1 1/2 to 2 per cent. In the first ten minutes of business; tobacco, Manhattan, East R. preferred and Missouri Pacific led the downward movement; trading was fairly active.

## To Be Released.

WASHINGTON, D. C., February 18.—The Spanish government has agreed to release Julio Sanguinetti, the American citizen, who was arrested in Cuba, almost two years ago.

## SAN MIGUEL NATIONAL BANK,

OF LAS VEGAS.

No deposits received of less than \$1.  
Interest paid on all deposits of \$5 and over.

## A QUEST OF HONOR.

There Would Seem To Be Little To Be Proud of, Though.

VIENNA, Austria, February 18.—At the next national congress of women in this city, the guest of honor will be Madame Schipperman; who has distinguished herself, although but thirty-nine years of age, by presenting to the state no less than thirty-two children, six being girls and twenty-six boys. This record, moreover, it is thought, will be added to by the time congress meets in the fall, and the good wife lives in hopes that she will yet equal the record of her mother, who had thirty-eight children to her credit.

The present Madame Schipperman's family were brought into the world in this order: First birth, four; second, three; third, four; fourth, two; fifth, three; sixth, two; seventh, three; eighth, three; ninth, two; tenth, three; eleventh, three. The entire family is living and in the best of health, although one and all of the children were nursed by the mother who is a daily victim of epileptic fits.

## Fatal Accident.

CADIZ, Spain, February 18.—While a force of workmen were engaged, to-day, in lowering a boiler into the new Spanish cruiser, "Princesa de Asturias," the tackling gave way and the boiler fell into a gathering of men below, killing six, and seriously injuring ten others.

## Strikers Won Their Point.

GALVESTON, Texas, February 18.—The striking street railway employees scored a victory, this morning; the men all returning to work. The company signed a contract, granting the men all the claims they asked.

## To Be Arbitrated.

PARIS, France, February 18.—France and Brazil have signed a protocol, referring to their dispute, regarding the territorial boundaries, to arbitration, the president of the Swiss confederation to be the referee.

## The Shot Was Fatal.

CHICAGO, Illinois, February 18.—George W. Adams, who shot himself, last night, in the files of the National live oil company, died this morning. Adams was once a wealthy board of trade operator.

## Approved by the Executive.

WASHINGTON, D. C., February 18.—President Cleveland has approved the act which permitted the use of a part of the Fort Lyon military reservation by the state of Colorado as a soldiers' home.

## McKinley Getting Along.

CANTON, Ohio, February 18.—Major McKinley passed a very comfortable night, and was a great deal better, this morning.

## An Invitation.

All members of Hase Co. No. 1, are invited by Hook and Ladder Company to attend their mask ball on February 22nd, in full uniform on mask.

## W. V. PRIMOORE, Foreman.

J. H. TITCHELTON

## A SPECIFIC FOR

La Grippe, for Colds, Coughs,  
AND LUNG TROUBLES.

## AYER'S CHERRY PECTORAL

"Two years ago, I had the grippe, and it left me with a cough which gave me no rest night or day. My family physician prescribed for me, changing the medicine as often as he found the things I had taken were not helping

me, but, in spite of his attendance, I got no better. Finally, my husband, reading one day of a gentleman who had had the grippe and was cured by taking Ayer's Cherry Pectoral, procured for me a bottle of this medicine, and before I had taken half of it, I was cured. I have used the Pectoral for my children and in my family, whenever we have needed it, and have found it a specific for colds, coughs, and lung troubles."

EMILY WOOD, North St., Elkhart, Ind.

## Ayer's Cherry Pectoral

Highest Honors at World's Fair.
